BOY'S CHOIR

On the 9th, CWSA Boy's Choir travelled all the way to Calvin Church to perform in front of several other choirs. Although they had to wait a long time for their chance to perform, when they were finally able to sing they shone. They performed a programme consisting of Fly Me To the Moon by Frank Sinatra and Bonse Aba, a traditional African song. We're proud of them for doing so well!

CWSA SPRING CAFE

On Thursday, April 25, the grade eights hosted the Spring Cafe to help fundraise for their graduation celebration. They sold many different and delicious homemade foods during the two lunch breaks that the students were able to enjoy. A special thanks to all the teachers and parent volunteers that helped make this happen. The Spring Cafe 2019 was a huge and delicious success!

MULTICULTURAL DAY

This month's spirit day was Multicultural Day! A great big thank you to all those who participated and represented their cultures well. We enjoyed seeing everyone's cultural clothing and their appreciation for their culture. Stay tuned for next month's spirit day!

EARL HAIG DANCE

On April 9th, CWSA was among the multiple schools that showed up to watch Earl Haig students perform at their annual Dance Matinee. The dances that the students performed left us all in awe. From hip hop all the way to ballet, we saw a huge variety of splendid dances and enjoyed the whole experience quite a bit.

PINK DAY

On April 10th, CWSA participated in Pink Day. Students talked about the meaning of the day on the announcements, and the school handed out pink shirts to those who didn't have any. Teachers showed the students a video made by Rainbow Club about the book Red. It emphasized the importance of individuality and self-identity. It was a day to realize the stigma and stereotypes against the LGBTQ+ community. We are very proud that Claude Watson has participated in this important event.

STRINGS NIGHT

Claude Watson's annual Strings Night was on April 17th. Strings groups from all around the school all played one amazing performance which left the audience amazed. Some groups that played were the Grade 8 Strings Class, Chamber Strings, and more. Overall, it was an extremely enjoyable night for both performers and attendees.
